

Comodo Certificate Manager

Device Certificate End User Guide

Step 1: Open the Self-Enrollment Form

Your administrator should have sent you a link to the certificate enrollment form via email or another communication method. The link will be similar to:

<https://cert-manager.com/customer/<REAL CUSTOMER URI>/device/<set URI extension>>

Click on the link or copy and paste the the URL into the address bar of any browser.

Step 2: Complete the Enrollment Form

COMODO
Certificate Manager

Device Certificate Enroll

Certificate Type: * Non Repudiation Device Cert ▼

Email: *

CSR: *

SUBMIT

Note: The fields shown in the form above are the default. There may be additional fields to complete if your administrator has added custom fields.

Form Parameters

Form Element	Type	Description
Certificate Type (required)	Drop-down	Select the device cert type that you want to apply for. If you do not know which of these types you need, then please contact your administrator for advice.
Email Address (required)	Text Field	Enter your full email address. The certificate collection email will be sent to this email address.
CSR (required)	Text Field	Paste the certificate signing request that was generated for your device. Please contact your administrator if you do not have the CSR.

- Click 'Submit' after completing the form.

The certificate request will be sent to Comodo **Certificate Manager**.

Info

Your Device Certificate request was accepted, you will be notified by email when your certificate is ready for collection

When your certificate is ready, you will receive a certificate collection email to the address you specified in the enrollment form:

```
The Device Certificate for Marketing Device has been enrolled.

Please download it using the link:
as PKCS#7 Base64 encoded: https://bddccsoftccm1.brad.dc.comodo.net/customer/adv/device/download/61/3
as PKCS#7 Bin encoded: https://bddccsoftccm1.brad.dc.comodo.net/customer/adv/device/download/61/4
as X509, Base64 encoded: https://bddccsoftccm1.brad.dc.comodo.net/customer/adv/device/download/61/8
as X509 Certificate only, Base64 encoded: https://bddccsoftccm1.brad.dc.comodo.net/customer/adv/device/download/61/1
as X509 Intermediates/root only, Base64 encoded: https://bddccsoftccm1.brad.dc.comodo.net/customer/adv/device/download/61/2
as X509 Intermediates/root only Reverse, Base64 encoded: https://bddccsoftccm1.brad.dc.comodo.net/customer/adv/device/download/61/5

Certificate Details:
Common Name : Marketing Device
Term : 730 Days

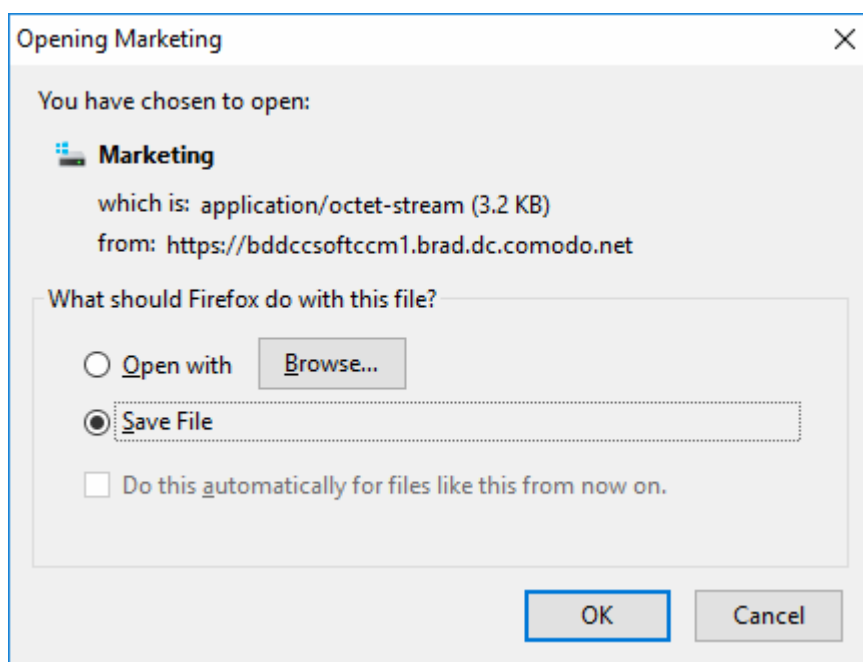

Requested : 01/17/2017 03:28 GHT
Expires : 01/17/2019 23:59 GHT
Order Number : 1676610
```

Your certificate is available for download in a variety of formats. If you are not sure which format you need:

- Please contact your administrator for further advice
- Please consult your device documentation to check whether a specific format is required
- As a rule-of-thumb, 'PKCS# 7 Base64' should be compatible with most devices.

Step 3: Collect Your Certificate

- Click the link in the email to download and install your certificate.

You can download the certificate in PKCS#7 and X509 formats.

Note: Please keep a backup copy of your certificate.
